General McCleilan's attitude is such that in the very selighsness of his nature he cannot but wish to be successful, and I hope he will.

I know General McCleilan is not to blame for asking what he wanted and needed, be a believe he is a brave and able man, and I stand here, as justice requires me to do, to take upon myself what has been charged on the Secretary of War as withholding from him. Here is General Halleck's testimony :

Washington, August 31, 1862.

"Resolved, That the thanks of this House be presented to Major-General George B. McClellan and the officers and soldiers of his command, for the series of brilliant victories which by their skill and bravery they have achieved over rebels and trailors in arms on the battle-fields of Western Virginia."

On the 9th of May, 1862, after the victories of Yorktown, Williamsburg, and West Point, Owen Lovejoy, the most ultra radical in the House of Representatives, offered the following resolutions, which were unan-

imously adopted:

"Resolved, That it is with feelings of devout gratitude to Almighty God, that the House of Representatives, from time to time, hears of the triumphs of the Union army in the great struggle for the supremacy of the Constitution and the integrity of the Union.

"Resolved, That we receive with profound satisfaction intelligence of the recent victories achieved by the army of the Potomac, associated from their localities with those of the Revolution, and that the sincere thanks of the House are hereby tendered to Major-General George B. McClellan for the display of those high military qualities which secure important results with but little sacrifice of human life."

GENERAL: Your report of yesterday, giving the result of the battles of South Mountain and Antietam, has been reserved and submitted to the Fresident. They were not only hard fought battles, but well-curned and shedded visctories.

The valor and endirance of your army in the several conflicts which terminated in the expulsion of the enemy from the loyal State of Maryland, are creditable alike to the troops and to the officers who commanded them.

infection which we call Schortza lurks multitudes of men. I either produces or is produced by an en-feebled, vitiated state of the blood, wherein competent to sustain the vital forces in their vigorous action, and leaves the system to

decay. The scrofulous contamination is vadecay. The scrofulous contamination is variously caused by mercurial discase, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venercal infection. Whatever be its origin, it is hereditary in the constitution, origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspensia, and liver complaints; on gestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla

is compounded from the most effectual auti

dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Supplier Trans Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Swellings, Denilty, Dropsy, Neuralgia,
Dyspepcia or Indigestion, Syphilis and
Syphilitic Infections, Mercurial Diseases,
Female Weaknesses, and, indeed, the whole
series of complaints that arise from impurity
of the blood. Minute reports of individual
cases may be found in Ayer's American
Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarraparilla, that promised much and did nothing; but they promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more efavailable to them.

STOMACH BITTERS. pure and powerful Tonic, corrective and alterative of wonderful efficacy in diseases of the

Stomach, Liver and Bowels.

Cares Dyspepsia, Liver Complaint, Headache, General Doblity, Nervousness, Depression of Spirits, Ochstipation, Colic, Intermittent Fevers, Crampa and Spasms, and all Complaints of either Sex, arising f om Bodily Weakness, whether inherent in the system or produced by special causes.

NOTHING that is not wholesome, genial and restorative in its nature enters into the composition of
Hostetter's Stemach Bitters. This promar preparation
contains no ineral of any kind, no deadly betanica?
element; no flery excitant; but it is a combination of
the extracts of rare balsamic herbs and plants with the
purest and midest of all diffusive attendants.

It is well to be fore-struct against discase, and, so far
as the human system can be protected by human means
against mailades engendered by an unwholesome atmosphere, impure water and other external causes,
Hostetter's Bitters may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been
found infallible as a preventive and irresistible as a
remedy and thousands who resort to it under apprehension of an attack, escape the acourge; and thousands who neglect to avail themselves of its protective
qualities in advance, are cured by a very b infocurse
of this marve lous medicine. Ever and Ague patients,
after being plied with quidine for months in vain, until

fairly saturated with that dangerous abalond, are not unfrequently restored to health within a few days by the use of floatelter's Bitters.

The weak stomach is rapidly inviporated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dispensia and in less configured forms of Indigestion. Acting as a gentle and painless appetient, as well as upon the liver, it also invariably releves the Constination superinduced by irregular action of the digestive and secretive organs. Persons of fewble habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this po at is most conclusive, and from both sexes, The agony of Billious Colic is immediately assuaged by a single love of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented. resorting to it, the return of the companit may be prevented.

As a General Toni, Hostetter's Bitters produce of feets which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional weakness, Premature Decay and Debility and Decreptude arising from Old Age, if exercises the electric laftuence. In the convalescent stages of all discusses it operates as a deligitifal invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them. orc: and re-establish them.

Last, but not least, it is the only Safe Stimulant, being manufactured from sound and innocuous materials and entirely free from the acid elements present more or less in all ordinary tonics and stomachies of the day. No family medicine has been so universally, and, it may be truly added, deservedly popular with the intelligent portion of the community, as HOSTETTER'S BITTERS.
